Learning from Lockdown

The Diocese of Leicester is undertaking a project to understand more deeply how Churches, Fresh Expressions of Church, and our other faith communities are discovering the new ways the Kingdom of God is being revealed amongst us. We are therefore seeking to gather information about your experiences of lived faith, in order to better discern the way ahead. We cannot do this without paying due attention to the experience of the lockdown(s) and we need to hear from as many as possible amongst the 19,000 people and 400 faith communities of the Diocese.
